

In DoDDS–Europe, our families enjoy a school environment that is relatively free from violence and weapons. A safe and secure environment is critical to our continued success.

Parents, we need your help.

Review with your children school rules on what is not allowed in schools and the consequences of bringing those items to school. Check your child's backpack or bag before they go to school and encourage your child to report violations or concerns.

Join us in keeping our schools as safe and secure as possible.
